2006 Campus Visit Calendar

The CEO typically conducts campus visits during the spring and fall semesters, with at least one visit conducted simultaneously with a regularly scheduled meeting. The schedule of campus visits is usually established at the February meeting. The 2006 campus visit calendar will be presented by staff at the February 2006 CEO meeting.

The purpose of campus visits is to allow the Committee on Equal Opportunities to review institutional activities that support the objectives of The Kentucky Plan. The CEO is charged with monitoring institutional progress toward implementing The Plan and the Partnership Agreement with the Office for Civil Rights. Monitoring is completed through data analysis and visits to institutional campuses to meet with executives, students, faculty, and others in the campus community to learn firsthand about the success of equal opportunity plan implementation.
